Hello Friends and Families in Christ,

It is always wonderful and exciting to write down what is happening in and surround the Musekee. Our Living God is always active and continue to do what is important for the lives of the people. Never failed to protect and provide what is needed. Praise the Lord for giving us another chance to serve Him in serving others in this world.

We are always thankful to God and to the people who never tire of supporting us in prayer and financial support. Your generous hearts continue to reveal God's heart for others. Your reward is waiting for you in heaven. Time is shorter every day, Christ's second coming is coming closer every day when we see the world news. So we are better to be prepare ourselves to meet our Loving God.

On 28th Aug Friday,2020, HRDC Staffs visited Headman and Dong Sam Muan Village School, And discussed about the school and Hmong cultures, and we have learnt that they have not done anything to preserve their Hmong cultures in the village. They are very interested about preserving, but they have no idea How to initiate the preservation project. And we also had a good time to talk with the teachers and the children at school, So far we interview with the children, most of the

children are interested to be a farmer – growing strawberry, they cannot think anything else better than growing strawberry, because the children had no chance to expose themselves to others community.
