

HRDC: Resources & Development Center(Musekee Resources Development Foundation), Monthly Report to HANDCLASP

Month : July 2021

Dear Praying partners and friends in Christ,

Greeting in the name of Jesus Christ from HRDC, Northern Thailand. Our mind has been wondering what to do and how to deal with the things happening these days. No one can prophecy when the covid- 19 will disappear from the world, but God is in control, Let put our Trust in the Lord, who always does and plan for the betterment of all the people in the world.

We need to sit quietly in God's Presence, to receive His Blessings and t our mind like a still pool of water.

We cannot stop thanking God for all of you and Go's answer your prayer, God has done great things for us always. We continue to count God's Blessings for all of us. Praise be the Lord Halleluiya. When things seem to be going all wrong, stop and affirm our Trust in the Lord. Bring every matter to God and leave them in God's capable hands.

Children Health :

Covid 19 continues to spread all over in Thailand. So the Government decided to lock down many states, working hard to give vaccination to Thai People, but it doesn't work out well yet.

We are thankful to God for protecting Musekee till today; all the people are not effected by Covid -19 yet till now. And each village makes their own check point and they don't allowed outsiders to go in and out from their village. They are very serious and also afraid too.

The activities of the children and staffs of HRDC :

Children able to study at school only two weeks in the month of July, The government close all the schools for children safety, And children have to study from home, so many of our kids at HRDC also went back home and some kids stay back at HRDC, so we have to take extra responsibilities on children during this covid 19.Of course the children are happy because they don't need to get early and dress up to go to school early morning.

Two former students, first year student at Rajaphat University college, stay with us at HRDC to study on line.

All the kids learn more skills beside their regular Home assignment - learning key board, working In the garden, raising animals.

Pastor Sanae brought 5 goats to raise at the center garden.

WE also renovate our fish pond and start raising cat-fish in July. 31st.2021

We are not able to visit or receive visitors at the center or in the village,

We had started teaching children at Dong Sam muen school for two weeks, but the school close again, and the village committee close their village. But we are hoping that the Lord will open door to reach them in their home.

Community service:

On 12th of July, Ms. La (mother of Tanachai and Sanboon) came to the center with her new baby, She married a man two years ago, and have baby three months old, but her husband has been torturing her, trying to take her and her baby lives, so she decided to run away from him and arrived at the center with her new baby to live with us for a while. Don't know how long. Prayer support is needed for her to decide about her future.

Now

Hwuihpooling Church has started working on their building extension, they are so excited and happy to work together. They are thankful to God for your precious support for their building. They are preparing for the next Churches Area meeting in their village.

Karen in Kaw Thoo Lei, Karen state in Myamar,-

The fight getting worse every day, people are suffering not able to grow their own rice because they have to flee from their home for their life, Thanks for your support in prayer and donation. My husband Soradaet continue to deliver food and others needed to help them and helping the military training, because there are many young people who would like to do Military training in order to protect their people from the hands of Burmese soldiers. Please continue to pray and consider to help donating any amount of money, so that they can continue to survive and can train more soldiers to protect the Karen people in Myanmar.

Next plan :

1. Meeting kids & parents: WE have plans to reach children and their parents in their own village and home, whenever we have chance, even if we are not allowed but we are hoping to get permission to allow us meeting them in their own village.

Home visiting, : We will tried to visit those who are really effected by Covid 19 and lock down. There are many families who are suffering, and live with fear.

Pray that the Lord will help us to do whatever needed to help those who are really in need of help.

NEEDS: WE need more prayer partner

1. More support for children is needed.
2. The college fund
3. Donation for new buildings, renovating and maintenance. The building are getting old they are not concrete building, build with the local wood, so we always need to maintain the building.
