We know that many of you are praying for us, we are excited to let you know what is happening with us in Musekee so that you can keep praying that the Lord will reveal Himself among the people whom we have been reaching them.

We are so thankful for your continuous support in praying and giving donation for our ministry that we can continue to do God's work among His beloved people. We are here to represent God and you to show God's Love for them. So whenever and wherever we reach them we felt God's Love and your love for God. Together let us continue to do well for others to glorify God's Name. . Thank to all of you for understanding our heart and never tire of giving whatever needed to reach the least of the people.

**Children Health :**

Covid 19 never tire of traveling around the world including our country Thailand, but people start adjusting themselves to go along with the virus, and everybody trying to get vaccination to protect themselves. We are thankful to God that all children and their families are safe and protected.

Of course there are some villages still protecting their own village from going and coming from outside by making gate check point in their own village entrance.

**The activities of the children b and staffs of HRDC:**

Children continue to stay back home to study and get their work every Monday from school, children are happy and enjoy themselves working and making juice from passion fruit and Avacado.

And learn to grow vegetable, enjoy learning music, singing besides their regular home assignment

Now we have more freedom to visit but still restricted to do any activities and worshipping together still not allowed yet. So we pay a visit two villages to distribute vitamin c, kid's personal need and food for family including Bible verses for the kids to memorize

Dong Sam Muen on 13<sup>th</sup> Aug.2021, Children and their family are so thankful for that.

Kaw Thoo Lei News : It has been for a while the fight has been going on, people continue to run away from home for the lives safety. They are very sad for not able to grow rice or corn in their field, which will effect their following years.

My husband come back time to time to contact people to support food for them, We are so thankful to God for the people who pray for them, Now people are donating food, people are so generous to give stuffs but the problem is about the Transportation cost, to receive from them and deliver to the Karen State in Kaw Thoo Lei, Myamar. Please remember in your prayer that the Lord will provide financial support to transport the donation to the people in Kaw Thoo Lei.
